

ENVIRONMENTAL POLICY

Commitment

Evergreen Turf operates a turf production facility and commercial & residential landscaping and construction and maintenance of various sporting facilities.

Evergreen Turf recognises its responsibilities and community expectations of protecting and enhancing the environment. Evergreen Turf is committed to the conservation of the surrounding environment and ensuring that our activities are managed in an environmentally responsible manner.

Evergreen Turf aims to achieve this commitment through the following: -

- Establish and maintain an Environmental Management System based on requirements of the International Standard AS/NZS14001.
- Identifying environmental activities, aspects and impacts and applying appropriate environmental actions including reusing, recycling, responsible water management and sustainable procurement.
- Complying with relevant legislative and other requirements.
- Setting environmental objectives, plans and performance measures and regularly reviewing progress against the targets set to continually improve Environmental Management.
- Ensuring that all work carried out by Evergreen Turf is consistent with the principles of sustainable resource use, reducing our carbon footprint and being energy efficient.
- Taking all reasonable and practicable measures to prevent and minimise the risk of harm to the environment and address any adverse environmental impacts resulting from Evergreen Turf activities such as pollution to air, waterways and soils; water consumption; energy use; erosion and sedimentation; chemical use; the safe storage of dangerous and hazardous materials and the safe disposal of wastes.
- Openly communicating this policy to our employee's, contractors, clients, customers and the public as required and deemed necessary.
- Fostering an environmentally responsible attitude within Evergreen Turf by providing appropriate information, instruction and training to our employee's, contractors, clients, and customers as required and deemed necessary.

Responsibilities

The Chief Executive Officer of Evergreen Turf is the responsible person for the implementation of this policy, actively promoting Evergreen Turf commitment to environmental management and ensuring that resources are allocated to meet this commitment.

Employees and contractors have the responsibility to take reasonable care and perform all work duties in a manner that ensures the wellbeing of the environment.

Owner

The Chief Executive Officer will ensure the policy is reviewed as required for accuracy and relevance.

Authorization

Paul Mahoney
Chief Executive Officer
